

FEEDBACK FORM FOR STUDENTS

At Manjula K Ponda College of Management, we value our students and believe that the institution should be run according to their needs & requirements. Hence, we would like if you could anonymously fill this feedback form so that we could evaluate our current performances & identify the areas that need improvements. The following table has been devised to cover the different areas of concern for a student within the campus. In which, you can choose marks ranging from 1-5 as per your liking & then drop this form in the Complaints & Suggestion Box at the College Reception. Alternatively, you can download this form from our website, fill it & send it to us via e-mail on hi@mkpondacollege.org.
