

Student Feedback on Institutional Governance/ Faculty Performance

The college administration has developed a system through which the students are asked to give their feedback about the institutional governance and faculty performance, it is based on as per following:

1. Feedbacks are taken from the current year students regarding institutional governance that is over all discipline of the college on various aspects, the feedbacks provided by the students are analyzed & suitable measures are taken.
2. Students are also asked to give their feedback about the faculty in regular intervals. Various parameters on which teaching of faculty members are assessed are – communication skills, subject knowledge, method of delivery, resourcefulness, readiness of teachers etc.
3. College administration is constantly in touch with the students and their parents to seek their advice and suggestions for the overall development of the institute.
4. Parents-teachers' meetings are conducted once in every semester, where parents are made aware about their wards' attendance and academic performance for the semester.
5. Students are also asked to give their feedback once in a year if any more facilities need to be added or if the infrastructure needs to be upgraded of the institute.
